

2026 HARVEST

Bartlett Grain is dedicated to supporting you with a **safe** and **efficient** 2026 Harvest season. As you prepare your equipment and harvest plans, we want to highlight important policies to help ensure a smooth and successful season.

GRAIN DELIVERY & PRICING POLICIES

Arrangement Requirement: All bushels delivered must have a prior arrangement (cash, basis, or price later if available) by the end of the delivery day.

Spot Pricing: Bushels delivered without a contract will be spotted at the market's closing price on the day of delivery.

PAYMENT & SETTLEMENT POLICIES

Checks & Settlements: Grain payments will settle every day—the day after delivery.

- If you want to pick up your check, please let the office know.

Deferred Payments: In accordance with Iowa Code, a signed deferred payment form must be submitted within 30 days of the start of delivery, or payment will be issued. No exceptions will be made.

- ***Call us ASAP if you want to be on deferred pay.***

ACH: As always, Direct Deposit is the most efficient option. To enroll in ACH transactions, please fill out the following form: **Bartlett Savage ACH Form** as well as providing us with a voided check.

- ****Settlements can be sent out in the mail if requested* OR seen from your app/site.***

TOOLS & RESOURCES

We have a **NEW mobile app** and **online grower portal**. Easily access cash bids, contract balances, settlements, and delivery information 24/7.

Discount Schedule: Ask us for a copy of our discount schedule in the office.

Ticket Verification: To avoid errors, please ensure drivers verify the account name on tickets at the outbound scale.
